

Addressing Facility Challenges

Whether it's a lack of access to facilities, aging clubrooms, a need for more flexible use of space, or a new facility build concept, it is important to take time to consider multiple solutions and talk to the right people. This is a simplified process towards a quality solution for sports clubs/codes, and community groups in the Wellington region to follow.

IDENTIFY CHALLENGE

What is your current facility challenge(s)? You can use **this checklist** to help you identify what to consider and explore.

1

CODE/CLUB/
COMMUNITY
GROUP

NUKU ORA
SUPPORT

2

DEVELOP SOLUTIONS

Contact Nuku Ora Spaces and Places Advisor for facility planning guidance and resources, including best practice and **Regional Planning Principles**.

NOTIFY / DISCUSS

If a new or upgraded facility is determined as the 'solution', it is important to discuss it with your local council. Nuku Ora can help connect you with the appropriate council officers.

3

COUNCIL
SUPPORT

REGIONAL
STEERING
GROUP

4

RECCOMENDATION

If the project is deemed of Regional significance, the Regional Spaces & Places Steering Group will be notified and provide a recommendation based on the **assessment criteria**.

For more information or to request facilities support (no matter the project size or scale), contact [Lily Joiner, Partnership Advisor: Spaces and Places](#)
